CHANNELED MESSAGE
ASCENDED MASTER MELCHIZEDEK

By Lisa Gniady

*“I am here to tell you the impact of these energetic pieces of art.
Art is a creation that is brought down from the other realms.
And, manifested in concrete form to be seen, felt and used in your dimension.
How do you describe to those that don't get it, the reason, and use of this item?
It is like a pill that you take to feel better. It opens doors.
It elevates the soul, it heals the heart, and it sends you on a journey to the light.
It plugs you into a greater understanding of trust.
When you trust, you find the doorway to truth.”*
